Internal Compliance Audit Report 2025

Audit period: January 1 to December 31, 2025. Report date: January 28, 2026. Lead auditor: Mariana Salinas Ortiz.

Summary: 7 findings were identified: 2 high, 3 medium and 2 low.

High findings

H-1: Hazardous waste was stored for 104 days in the temporary storage area, exceeding the 90-day limit of the environmental license.

H-2: 6 fire extinguishers in the warehouse had overdue inspections.

Corrective actions for high findings must be closed by March 31, 2026.

Medium and low findings

M-1: The hazardous waste log was not updated for two months.

M-2: 3 brigade members had expired first-aid training.

M-3: Supplier conflict-of-interest declarations were missing for 4 suppliers.

L-1: Evacuation route signs were faded in the office area.

L-2: The privacy notice on the website was an old version.

Conclusion

Overall compliance level: 86%. The next internal audit is scheduled for November 2026.
